

FLUID POWER

NORGREN Norgren's vision is to create competitive advantage for its customers. For Rubberline's customers this means better results, faster/more efficient machines, improved machine performance, increased reliability/uptime and lower cost of ownership. Visit Rubberline for all your Norgren requirements.

ENIDINE An IMC Company
Enidine Energy Products design and manufacture energy absorption and vibration isolation products for oil and gas refineries (onsore and offshore), piping systems, nuclear power plants and numerous industrial markets. Enidine Energy products include WEAR Pipe Restraints, Wire Rope Isolators, and HERM (High Energy Rope Mount) products. They've produced world-class engineered solutions for vibration isolation and energy absorption challenges for over 30 years. Enidine offers a variety of motion control solutions for today's most demanding energy absorption applications.

ALWITCO
With the proven ability to eliminate deafening, nerve-racking air exhaust noise, the Allied Witan muffler design for noise control has been an industry leader for many years. They have been utilized in thousands of plants for providing better, more efficient and safer method of exhausting air. Let Allied Witan mufflers quieten your noise problems.

DELTROL fluid products
DIVISION OF DELTROL CORP
cartridge valve specialists

Deltrol Fluid Products is a world class manufacturer of hydraulic and pneumatic in-line mounted valves and a full line of hydraulic cartridge valves and custom integrated circuit manifolds.

VI-CAS HFG. SUPER CUP
A tradition since 1970, Vi-Cas offers over 1,000 styles of vacuum cups for the packaging, printing and material handling industries. Products are available in vinyl, polyurethane or silicone in order to meet all of the industries demanding requirements.

NORGREN Norgren Pneufit Fittings provide a simple means of connecting compressed air products to system piping. They are designed for use with flexible tubing and are available in a wide range of configurations and materials to fit nearly every conceivable application.

HERION~KIP~MARTONAIR~ISI

Hansen Couplings The combination of Hansen Couplings, the innovator of the quick coupling, and Coupleurs Gromelle, with its wide range of European style couplings, gives Tutbill Coupling Group the broadest range of quick coupling lines in the industry. Their quick couplings are available in over 6,000 configurations. They are available in brass, stainless steel, steel, plastic, and in a wide range of sizes. They provide quick couplings to meet the needs of every industry.

ASCO PNEUMATIC Valve Canada is a leading Canadian manufacturer of solenoid valves and other quality precision products for the automation of equipment and the control of air, liquids and gases in a wide array of commercial and industrial applications.

SHEFFER From the very beginning, Sheffer has emphasized performance. Offering a complete line of cylinders and related products for industrial, commercial, and marine applications, every measure is taken to ensure that everything that carries the Sheffer name meets this objective.

PNEUMADYNE INC. ...the PneuTrend in miniature pneumatics
Established in 1975, Pneumadyne was developed out of the industry's need for a better miniature pneumatic valve. Many years later, they are known as a leader in the design, development, manufacture and integration of fluid handling devices. Pneumadyne, Inc. is your source for pneumatic control valves, solenoid valves, fittings, manifolds, custom products, tubing and more.

Humphrey Humphrey provides comprehensive, engineered solutions for a full range of pneumatic and fluid control applications. By using similar ideas, concepts and technology, they can create custom products for your unique needs and specific requirements. Over the years, they saved our clients millions of dollars, speeding production, improving technology, simplifying assembly and more. Rubberline can do the same for you.

WINTERS 1953
As an international industrial instrumentation manufacturer, Winters Instruments builds on its strength to satisfy the diverse needs of the industrial marketplace. Since 1953, Winters Instruments has provided pressure and temperature instruments utilizing its worldwide distribution network. Winters prides itself in serving all industries that require pressure and temperature measurement.

COMPACT Answer Engineering
Automation Products LLC
An IMC Company
Compact Automation is a market leading manufacturer of space efficient custom automation solutions and standard pneumatic automation components. Compact has over 25 patents and has manufactured over 50,000 modified and custom designs. From simple porting changes to 100% customization, we engineer to your unique design requirements.

Crouzet
Crouzet is the answer for your international projects, from adapted components to specific products. Across the globe, Crouzet places our technical and industrial know-how at your disposal to guarantee that our products are perfectly customised to your equipment.

Milwaukee Cylinder
Milwaukee Cylinder is a long established and recognized supplier of highly engineered cylinder solutions and is a manufacturer of a standard range of steel and aluminum NFPA tie-rod cylinders for both hydraulic and pneumatic applications.

COOPER PowerTools
Cooper Power Tools manufactures a wide variety of heavy duty motors, servos, torque measurement and controls as well as hoists to meet all your demanding specifications.

Serving North American Industry Since 1967

INDUSTRIAL

Gates
The World's Most Trusted Name in Belts, Hose and Hydraulics.

Ask for Gates V Belts and synchronous belts, and you'll also get the most experienced engineering, customer service and field sales experts in the industry.

Whether you need to convey materials or move equipment, Gates industrial hoses and hydraulics will give you the application coverage you need for your job.

PRESSURE CONNECTIONS

Pressure Connections is an ISO 9000 certified company producing steel, stainless and brass adapters, flange adapters, hose fittings, swivel joints and instrumentation fittings. All products are produced in a timely manner to exacting standards.

adaptall INC.

Since they opened their doors in 1985 their goal has always been to "find a way" to overcome a difficult thread application. Adaptall has amassed strong inventories to achieve this, but if they don't have it ready on the shelf, they'll react quickly and make what is required, just for you!

AMERICAN BILTRITE

SHEET RUBBER PRODUCTS

Since 1908 American Biltrite has been manufacturing a complete range of premium Quality rubber products including reinforced and non-reinforced sheet rubber, light weight rubber conveyor belting, runner matting and anti-fatigue mats.

DIXON
The Right Connection™

Dixon is committed to maintaining its role as a leading innovator in the hose and coupling industry. They continue to build on their solid foundation and commitment to supply quality hose, fittings and accessories.

COXREELS **EZ-COIL**
Patented COXREELS® Reel
Rewind Safety System

Your Reel Source

Coxreels manufactures heavy duty industrial grade hose reels and cable reels of the highest quality. Their extensive selection of reels include spring retractable hose reels and electric extension cord reels, hand crank reels and cable reels, motor driven hose reels and their patented EZ-Coil Safety Series retractable hose reels with controlled rewind.

BOSHART INDUSTRIES
COMMITTED TO EXCELLENCE SINCE 1955

Boshart is an ISO certified vendor supplying a wide variety of valves, fittings, filtration or switches to meet the demand of a multitude of industries.

TAPCO INC.
ELEVATOR BUCKETS - ELEVATOR BOLTS

Tapco stocks the largest inventory of elevator buckets and bolts in the world, some 500,000 buckets and 11 million bolts. They also have the largest inventory of abrasion resistant sheeting, drag flights and banger bearings in North America. They have the products that you need, when you need them, and at a competitive price!

HR

Holz Rubber Company, Inc. is a respected and valued manufacturer of industrial elastomeric products recognized worldwide. Through strategic distributors, Holz provides superior quality products, innovative solutions and the highest level of customer satisfaction.

Garlock
SEALING TECHNOLOGIES®

For more than a century, Garlock has been helping customers efficiently seal the toughest process fluids in the most demanding applications. That leadership continues today, as 1,887 Garlock employees at 15 facilities in 8 countries provide innovative products to multinational and other corporations in every major industry.

LOCTITE

At the Henkel Corporation, they provide more than just quality Loctite® brand products, they provide solutions to industries' biggest challenges. Whether reducing assembly cost, providing design and application assistance, or increasing the reliability of your process, Rubbertine Products Ltd. and Loctite® are dedicated to earning and keeping the trust of our customers.

Kuri Tec Kuri Tec, a Kuriyama owned company in Canada, manufactures innovative, high, medium and low pressure thermoplastic suction and discharge hose. Tubing is manufactured using PVC, polyurethane, polyethylene, EVA, nylon, LLDPE and special blends of thermoplastic elastomers using extrusion and technically advanced co-extrusion methods.

tigerflex

Fairview
www.fairviewfittings.com

Fairview is a North American based company supplying industrial quality fittings, hose, couplings and controls to the Industrial, Hydraulic, Pneumatic, Automotive, Gas, Marine and Truck and Trailer markets.

ALEMITE

From the day they introduced the first high pressure lubrication system in 1914, Alemite has been innovating and improving. Genuine Alemite quality accessories make sure your lubrication systems perform at their peak, leak-free and safely. When quality is vital... Alemite supplies and accessories deliver.

habasit

Habasit is an ISO certified manufacturer of power transmission, plastic modular and tabletop chain as well as a wide variety of product conveying conveyor belts. An extensive sales and service network plus qualified support provide short delivery times, immediate response and high quality standards.

VIBRO We're The **SILENT** Vibrator Guys.™

Whether it is an electric rotary motor vibrator, pneumatic turbine vibrator, pneumatic ball turbine vibrator, piston vibrator, high frequency vibrator, hydraulic vibrator, railroad carshakers, portable lug-type vibrator, air cannons, plate compactor or roller, Vibro Vibration Products will keep your product moving.

Darcor

Throughout the Company's history, Darcor's vision has remained fixed on the future, anticipating the growing demand for greater value from the casters and wheels used in almost every industry. Darcor's uniquely designed products blend ergonomic principles and advanced materials, superior design based on rigorous testing that will improve bottom-line results, productivity and workplace safety.

Freelin-Wade
A COILHOSE COMPANY

Freelin-Wade is the leading manufacturer of flexible plastic tubing, hoses and tethers. Freelin-Wade offers more than just an extensive line of in-stock tubing. We'll also work with you on your custom projects. With Freelin-Wade, you'll have the expertise of the industry leader working with you to design and produce your plastic tubing.

INDUSTRIAL RUBBER PRODUCTS

Since 1950, IRP has supplied the marketplace with quality industrial rubber products. IRP maintains a large, well-stocked, modern ISO-9001:2000 certified warehouse and fabricating shop, with a dedication to providing unsurpassed service.

HI-TECH DURAVENT

Hi-Tech Duravent offers the most comprehensive Hose & Ducting product line in the industry today! They solve more end user hose & ducting application problems through their innovative problem solving approach, custom solutions and complete flexibility. Hi-Tech Duravent manufactures a variety of wire reinforced hoses, as well as, smooth all-plastic hoses for air, fume, vapor recovery, severe service, blower and vacuum applications.

WMB

Founded in 1966 Wire Mesh Belt has become a leader in the manufacture and supply of metal conveyor belting and related products. Through innovation, design and engineering they have become a world leader in the Food Processing, Glass Annealing, Wood Veneer, Powder Metal, Heat Treating and Baking industries. They offer a full line of metal belting including balanced weave, sprocket driven mesh, compound balanced weave, chain edge, Ladder Link, Flat Wire belting and Flat Flex belting along with conveyors, spare parts, repair service and complete on-site repair, installation and consulting.

HBD/Thermoid, Inc.
SUBSIDIARY OF HSD INDUSTRIES, INC.

HBD / Thermoid® has been a leading innovator in lightweight belt technology for decades. Many improvements that have now become industry standards were pioneered in their research laboratories: HBD / Thermoid® delivers top-quality industrial rubber products to thousands of industries across the world. Since 1903, they've helped distributors overcome challenging operating obstacles through their innovative and durable solutions.

FLEXCO

Now it is easy to turn to Rubberline for the help you need to maximize belt conveyor uptime, productivity and safety. From coal mines to grocery stores, industries turn to Flexco and Rubberline for the most complete selections of belt conveyor maintenance solutions.

GERRARD OVALSTRAPPING
LIVESTOCK CHAIN & SHEET METAL INDUSTRY

Gerrard-Ovalstrapping offers a versatile and complete range of industrial PVC and rubber safety matting, PVC sheet flooring and entranceway systems. Their products are utilized in many areas including work stations, assembly lines, machine shops, workshops, swimming pools, change-rooms, showers, saunas, boats, restaurants, corridors, hallways, walkways, floors, roofs, fridges, freezers, compartment areas and retail environments.

MUL-T-MAT
SUPPLY CO.

MUL-T-MAT offers you the widest selection of matting products to meet all your industrial, safety and commercial mat requirements: anti-fatigue, safety mats (dry and wet or dry areas), food service matting, anti-static mats, modular tiles, recreational, contamination control and specialty mats...and more.

Consider the human factor first... Ergonomists, property managers, occupational therapists plus many other health and safety professionals recommend the use of "matting" to relieve physical stress caused by standing, reducing slips and falls as well as keeping building entrances safer.
